- Business outcome: What needs to change commercially?
- Priority customer: Who is the highest-value customer?
- Customer problem: What job are they trying to accomplish?
- Alternatives: What do they use instead today?
- Positioning: Why should they choose you?
- Acquisition: Where can qualified demand come from?
- Conversion: What needs to happen before the customer acts?
- Retention: What creates repeat value?
- 90-day bets: Which 3 initiatives deserve focus?
- Measurement: Which metric proves the strategy is working?
